25X1

1. [redacted] it was a policy in the Regtl. Engr. Co. to utilize any locally available materials to facilitate river crossings. This included logs, boards from buildings, empty drums, and any other materials which would float. 25X1
2. [redacted] 25X1
3. In 1952 [redacted] a river crossing demonstration by the Regtl. Engr. Co. where log rafts constructed by the Engr. Co., inflatable rubber boats for 15 men, and individual inner tube-like rafts with special pants were used to cross a small stream near Mauer Oehling. The load limit of a one-man raft was under 80 kg. 25X1

ARMY review completed.
